Made from your custom design!

" I use www.4clay.com for my custom stamps, they can make just about any logo or signature stamp you could come up with. I like the wood stamps, they don't stick to the wet clay. These stamps are so wonderful, they look a lot nicer than my own signature and save me a LOT of time! "

Custom Clay Stamps

We specialize in clay stamps for professional artists. Each stamp is made to your design needs with high quality images and deep crisp marks in clay. Our stamps work with clays types like stoneware, earthenware, porcelain, PMC, polymer, and more. We offer a wide range of stamp sizes in both wood and our trademarked Signature Writer (TM) Stamp, available with a pewter handle or in a pen body.
